  - SE Radio podcast
- Good attendance:
  - 126 total
  - 48 members
  - 78 guests
SE Radio Podcast

General Sessions
OSGi Demonstrations
Networking Reception
Some Key Messages

- OSGi technology is mature, however, need more support for developers — e.g., training, best practices, lessons learned.
- In the future need to balance need for new features/capabilities with size — i.e., be wary of bloat.
Special thanks to…

- Sponsors:
  - db4objects
  - luminis
  - SIEMENS
  - IBM
  - ProSyst

- Sponsor and Host:
  - Deutsche Telekom Laboratories
  - T

the dynamic module system for Java
